SPECIAL PREMIUM OFFER

With each order, accompanied with cash, amounting to \$5.00 or more, and the names and addresses of Six (6) persons whom you believe may desire to purchase nursery stock or will be interested in receiving our General Descriptive Catalogue, we will include, FREE with your order, your choice of any article herein priced at 75 cents. (See paragraph SUBSTITUTIONS.

Be sure to write the names and complete addresses PLAINLY, stating your choice of premium.

PREPAID TRANSPORTATION

We pay transportation charges on orders accompanied by cash, amounting to \$2.50 or more, to all points in the states of Idaho, Oregon, Montana, and Washington, and one half to other points West of the Rocky Mountains.

COMBINATION PRICES

All grades and varieties in any one class are allowed to make up total applying to quantity price. For example: all kinds of fruit trees will be considered as one class and all varieties of shrubs as one class, etc.

OUR GUARANTEE

All goods are guaranteed to reach you in good, healthy, growing condition; up to grade standard as represented; and to pass State Inspection. At the prices we sell our nursery stock, it is impossible for us to guarantee growth or to be responsible for stock after delivery to our customers in good condition.

Our 63 years of continuous growing and selling quality nursery stock to our many thousand satisfied customers throughout the United States is an important assurance of your entire satisfaction.

NON-WARRANTY

While we hold ourselves in readiness, on proper proof, to replace free of charge all trees, etc., that may prove untrue to label, or refund the amount paid, we give no warranty expressed or implied as to description, quality, productiveness or any other matter of any Nursery stock, seeds, bulbs, or plants we sell.

SUBSTITUTIONS

We reserve the right, in case we are out of the variety ordered, to substitute another one of equal merit, when it can be done (always labeling each substitution with the correct name) unless the party ordering says, "no substitutions" in which case we will fill the order as completely as possible, and refund balance of purchase.

USUAL DISTANCES FOR PLANTING

Pear.....	20 to 35 feet apart
Apple.....	25 to 40 feet apart
Sweet Cherry.....	25 to 35 feet apart
Sour Cherry.....	
Plum.....	} 16 to 20 feet apart
Prune.....	
Apricot.....	
Peach.....	
Grapes.....	6-8 ft. by 6-8 ft.
Raspberry	3 to 4 ft. by 5 to 7 ft.
Blackberry	3 to 4 ft. by 5 to 7 ft.
Boysenberry	5 to 6 ft. by 4 ft.
Youngberry	5 to 6 ft. by 4 ft.

Rule—Divide 43,560 (the number of square feet in an acre) by the number of square feet for each plant. The result is the number required for an acre. Example: Trees planted 20 ft. apart each way equals 400 square ft.; 43,560 divided by 400 equals number of trees per acre.

If trees are planted on the Triangular system, 15 per cent more than for the Square system will be required.

Roses—Oregon Grown

Oregon Grown Roses are known East and West for their superior blooming quality and hardiness. We ship only one grade, strong 2 year No. 1 field grown bushes. They will bloom the first year.

In making comparisons, attention to **Quality is even more essential than Price**. Not all nursery stock, especially Roses, offered at "attractive prices" is profitable to the purchaser. **Buy the Best, it Always Pays.**

The selection of Roses, in our General Descriptive Catalogue, consists of many of the "standard favorites" and the best of the New and Popular introductions at moderate prices.

ROSE PRICES herein listed govern all the varieties contained in our General Catalogue.
